

## Health and Safety Legislation - Technical Workshop

7<sup>th</sup> October 2009, Premier Travel Inn, Hockley Heath, Birmingham

### Aim

This workshop will enable delegates to learn about *impending changes to Health and Safety legislation for Composite materials* – what you will be required to do and how to stay one step ahead by getting involved now. Meeting current HSE regulations will be discussed along with a brief overview of the REACH programme. The day will include presentations and demonstrations from leading experts and companies in the UK.
