

Partners 4 Technology

!! Free Event !! – Meet key players from the sector

Tuesday 2nd March 2010

Venue: Henry Ford College, Holywell Park, Loughborough, LE11 3UZ

This event aims to provide information of; how technology in the sector is developing, opportunities for supply chain and what grants and support are potentially available for your business to underpin this development.

You will have the opportunity to hear from the following speakers:

- East Midlands Transport iNET on funding and business support available from April 2010
- Lightweight Materials from the Materials Knowledge Transfer Network
- Improving your Resource Efficiency and funded support available
- Protecting your Intellectual Property and funded support available from EMDA
- FP7 and funded support available in the East Midlands
- Grants and Business Support on a wider scale from TBAT Innovation
- Export & Environment Workshops

BY POPULAR REQUEST - Speed Networking! Here there is opportunity to meet with companies 1-2-1, attendees are able to all register what you are looking for online and use the on line system to request your own face to face appointments with the other attendees. This produces you a personal meeting agenda for your selected meeting requests.

All details and full programme are on line at www.partners4technology.co.uk

Throughout the event you will have the opportunity to receive **FREE ADVICE** on how to protect new technology developments, what funding and support are available and the most appropriate source of grant funding with a variety of representatives from the support bodies and TBAT Innovation.

RSVP by Monday 15th February to by registering at www.partners4technology.co.uk
