

British Marine Expo will bring the sector together this Spring, to learn, share ideas and do business; providing a unique spotlight for your organisation in front of a highly targeted, actively engaged audience. Taking place on 26-27 March 2019 at Southampton's impressive St. Mary's Football Stadium, the British Marine Expo will be the first of a series of annual Expos to be held at locations across the country over the next few years.

British Marine Expo offers a range of opportunities to drive awareness of your business, generate quality leads and line up with other leading marine organisations, through sponsorship. From lanyards, ticketing and signage to key speakers, seminars and the showcase, we have a variety of sponsorship packages to suit a range of business objectives and budgets.
