About the Event

The British Marine Trades Association (BMTA) Awards Dinner is a prestigious annual event which celebrates the best and brightest in the marine industry as we honour outstanding achievements within the sector.

We are pleased to announce that the British Marine Trades Association Awards Dinner is set to return to Southampton on Monday 21 September, 2026 at voco by IHG.

After recognising individuals and businesses across the UK marine trades sector for more than half a century, the dinner is a standout event in the marine calendar. Each year it welcomes professionals, companies, and stakeholders within the UK marine industry, particularly those involved in chandlery, wholesaling, distribution, and manufacturing.

The success of the British Marine Trades Association Awards Dinner rests not only on celebrating excellence across our industry, but on the strength of the partnerships that support it. Sponsors play a vital role in helping us recognise achievement, champion best practice and bring together the leaders shaping the future of the UK marine sector. Your sponsorship will place your brand at the heart of this flagship occasion, showcasing your commitment to British Marine and to the continued growth, innovation and collaboration of our industry.

Please contact Beckie Harris at bharris@britishmarine.co.uk for further information and sponsorship opportunities.
